

## LIBERTY CLASSICAL ACADEMY Fact Sheet

### Description

Founded in 2003, Liberty Classical Academy (LCA) is an independent, private, co-educational school for students in pre-Kindergarten through grade 12 with an enrollment of 165 students. LCA is a classical Christian school balancing both rigorous academics and a non-denominational Christian worldview. LCA is a family of students, parents and teachers from diverse backgrounds that come together in a spirit of joy, encouragement and dedication to pursue excellence in education.

### Mission

Liberty Classical Academy will equip students of all backgrounds to grow in wisdom, excellence and purpose by offering an education based on the highest academic standards grounded in a strong classical tradition from a distinctively Christian worldview.

### Academic Profile

Liberty Classical Academy students consistently achieve excellent results because the LCA program rests on three pillars:

- Academic Distinction: LCA offers a broad liberal arts curriculum, complete with math, science, humanities, world languages, fine arts, music and athletics. LCA also provides formal Logic, Rhetoric and Latin. Graduation standards require four years of each of the core subjects: math, lab science, history and English. This standard demonstrates LCA's commitment to producing the best-educated young scholars.
- Classical Tradition: The rigorous, classical education approach implemented at LCA engages and delights students at every level, from preschool to high school. The classical tradition includes: classroom approaches that complement children's developmental stages; content that explores the wealth of human history, thought and expression; Latin; Learning and Leadership.
- Christian Worldview: LCA acknowledges that everyone has a worldview, a set of beliefs that answer the most important questions of life. LCA guides students through such questions and examines the answers provided by God in His Word. Older students compare the Bible's claims to other religions and worldviews. This honest, guided approach allows young people to graduate knowing what they hold true, why they believe it and how to engage others. LCA is careful to teach the Christian worldview in a nonsectarian manner in order for families from many Christian traditions to feel comfortable at Liberty.
