RenWeb School Management - ParentsWeb is a private and secure website that has been set up for our school to allow you to see complete Liberty Classical information specific to your child. You can view your child's grades, attendance, and Liberty Classical family contact information, as well as other useful school information. You can also communicate with teachers online whenever necessary. All you need is an Internet-capable computer.

Once logged on to ParentWeb (Directions for logging on are below), click on the "**Directory**" tab for a list of all the student names, parent names, addresses and home phone numbers. In order to access cell phone numbers and email addresses you will need to click on the "**Resource Documents**" tab to view the excel spreadsheet which has all the additional contact information we have gathered. The "**Resource Documents**" tab also holds an electronic version of the student handbook for easy reference.
