

SOC Registration Portal - How to Sign Up

(Parents-Only)

Group name: Liberty Classical, MN

1. Navigate to:

<https://seedsofchange.campium.com/> (This is the direct link). It is also available via our webpage on the registration tab <https://www.soc.cr.org/registration-1>

2. Create an account.

A drop down will appear asking for PARENT's name, email, password. Parents will be directed to a form where they will need to enter their contact information and some information for their child, and then they will be prompted to pay.

3. After the account is made, and the information is entered, select "Continue." Then:

- I. Select the Tropical Field Research program
- II. Select a payment plan (the sooner you register, the more months you have available to space out payments)
- III. Pay the \$150 registration fee
 - ACH (no fee). This will be direct from your checking account
 - Credit Card (3.3% fee)

4. Whichever payment type you elect will be used for payment plan withdrawals.

Payments are the 15th of the month until March 15th. An email will be automatically sent a few days prior to the withdrawal as a warning.

If there is an issue with timing, please contact Beth Hunt at info@soccr.org and she can adjust the payment plan manually. If you want to change the source of funds for the payment plan they can do so at any time by logging in and navigating to the "Billing" menu on the homepage.
