

## **Liberty Classical Academy Receives National Award for the CLT10**

January 24, 2024

Liberty Classical Academy has been named one of the top twenty schools in Classic Learning Test's (CLT) [2022-2023 CLT10 School Rankings](#). This award recognizes Liberty's student body for collectively receiving one of the highest average scores in the nation on the CLT10 during the 2022-2023 academic year.

The CLT10 is a college preparatory exam and PSAT® alternative offered by Classic Learning Test and designed for 9th and 10th graders. Evaluating reading, grammar, and mathematical skills, the CLT10 engages students with thoughtful content drawn from classic literature and historical texts and provides a comprehensive measure of achievement and aptitude.

Since its inception in 2016, Classic Learning Test has offered assessments steeped in more intellectually rich and rigorous content than other standardized tests. CLT's suite of assessments now serves grades 3-12.

Out of the hundreds of schools that take the CLT10 every year, Liberty Classical Academy's ranking is a remarkable achievement.
